Application Notes

This is an affordable, all purpose 4W speaker that is great for practice amps, portable amps and vintage favorites like the 'Champ'. This Legend also works nicely in a 4X8 cabinet for acoustic guitar applications.

We've nicknamed this speaker 'The Buckaroo' because of its exceptionally clean, country tone. It has exceptional low end for an 8" speaker and sounds great through most amps with most popular guitars. Powered by Marshall with some distortion, it delivers a cool, raspy Georgia Satellites tone.
